# Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

Showing results for index.html

Checker Input

Show ☑ source ☑ outline ☐ image report   [Options...]

Check by [file upload ⇅] [Choose File] No file chosen

Uploaded files with xhtml or .xht extensions are automatically processed as XHTML.

[Check]

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

[Message Filtering]

Document checking completed. No errors or warnings to show.
